The small cost the scheme would incur would be taken from the Mayor's Allowance budget.

## **10 Exclusion of the Press and Public**

**RESOLVED that the press and public be excluded due to confidential nature of the item under discussion.**

## **11 Water Supply - Old Hall Playing Fields**

Members were informed that MTC had been made aware of the issues surrounding the water supply to the pavilions on Old Hall Playing Fields in that the pavilions did not have a separate metered water supply. This issue needed to be resolved so that the water usage for each pavilion could be readily identified. Maghull Cricket Club signed a lease with the Council on 20th August 2018 for the tenancy of the Cricket Club pavilion and the cricket ground. The lease stated that the Cricket Club would be responsible for the utilities used by themselves.

Maghull Football Club pavilion is also on Old Hall Playing Fields. However, the Council did not own the pavilion, just the land on which it was situated. Therefore, the Council was not in a position to know the utility requirements and usage of the Football Club. The Council leased the football pitch to the Club on a rolling annual lease.

Following complaints that the water bills were high, the Club requested that the Council investigated further. Enquiries were made with the Football Club where it transpired that the Football Club pavilion did not have a separate water supply and the Cricket Club was paying for the supply to both buildings. This was contrary to the lease requirements as they should only be responsible for their own utility bills.

Members discussed the issues around the situation and the requirements of the lease. Under any arrangements, except for a completely new supply to be provided to the Football ball (indicative cost £20,000), the Council would need to pay the water bill from the meter in Hall Lane/Tommy Gent Way and then charge the clubs appropriately. This would obviously have a cost to the Council to do this.

**RESOLVED that:-**

- 1. The Council to install separate private water meters to each pavilion;**
- 2. The Council to take back control of the payment of the water bill for Old Hall Playing Fields at an agreed date;**
- 3. The Council levy an administrative charge of 20% of the bills on the clubs for this;**
- 4. The Council agreed not to pursue Maghull Football Club for the debt owed for the water usage since the meter was installed;**
- 5. Council agreed to fund the installation works from the Council's budget;**

6. The Council enter into lease negotiations with the Football Club for a more secure tenure for the Club;
7. That the report be noted.

## **1. Background**

Following the elections in May 2019, Council decided to commit to a Business Plan which was based on the 7 manifesto headings of the Labour Party in Maghull. This was because the Labour Party was the majority Party on the Council.

The agreed Business Plan was used as the basis of the work programmes for the Committees, mainly the Amenities and Community Services Committees.

Work had started on some of the projects and a few had been completed when the Council was forced to shut its office in March 2020 due to the Covid 19 pandemic.

## **2. Current Situation**

The Town Clerk has completed a review of the projects contained within the Business Plan with the assistance of the Amenities Manager and the Community Services Manager. The result of the review is contained within the appendix attached to this report.

As can be seen many of the projects have been hit by the twin problems of the Covid pandemic, meaning that a number of partner agencies the Council had hoped to work with had diverted their priorities away from the stated objectives pre Covid or they were unable to go ahead due to the pandemic itself. Others had been overtaken by the lack of funding to complete them. These include the Town Centre masterplan (a Neighbourhood Plan policy), the Local Health and Wellbeing Board and the development of the Maghull Hub.

The Council, as at 3rd November 2021, has 18 months left of its 4 year term. This is an opportunity for the Council to refocus its efforts to complete more of the stated projects before their term of office ends.

**Recommendation(s):-**

- 1. That Members decide which projects to continue;**
- 2. The report be noted.**

## Maghull Town Council Business Plan 2019-23

Maghull Town Council wishes to set out its strategy for the forthcoming term of office which runs from May 2019 to May 2023. This document seeks to establish the key priorities for the Council during this time and the proposed timescales and is focussed on what the Council is trying to achieve. This is a living document which will be revised, if necessary, each municipal year of the Plan to ensure that it continues to reflect the priorities identified.

Funding for these priorities will be drawn from different sources but will include but are not limited to:

- The precept
- External funding from grants
- Sponsorship
- Income generation
- Developer contributions

The Council remains committed to the principles of Value for Money and prudent financial leadership always seeking to provide the most for the residents on limited financial resources.

Each Committee will report to Full Council on their progress on the business plan and will be responsible for its progress. The priorities listed below fit comfortably within the Council's stated Corporate Objectives and underpin the Council's ambitions for the town.

The Council will seek to involve external partners in order to achieve the wider aims listed within the priorities to promote best practice within the sector and to improve outcomes for residents and businesses.

## 1. Background

Community wealth building seeks to increase investment within local economies. It does this by harnessing the wealth that exists locally, channelling resources to local communities. This in turn encourages local employment opportunities utilising anchor organisations to stimulate the local economy and have a defining effect on prospects for local people in terms of income and skills.

MTC is in a position to bring together local anchor organisations and establish a network to offer mutual support and to identify opportunities and promote them to the local community. The range of such organisations covers both private and public sector. In Maghull the obvious organisations to approach include the NHS with strong ties via Ashworth hospital and the private sector counterparts such as Parkhaven. There are also a host of retail organisations that may be willing to engage in activity to stimulate the local economy and participate in initiatives such as local loyalty schemes for customers to keep local money spent locally.

The council already has strong ties with many voluntary groups who would be part of the initiative, helping to identify strengths and weaknesses at a grassroots level and thereby identifying potential opportunities for local enterprises and enabling

resources to be focussed where they are needed. Linking to local schools would also be a target so that clear communication between them and local businesses are established. A piece of work to establish local vocational training opportunities will be required working with external partners such as Hugh Baird College and Edgehill University to define training for skills required by local employers.

The Community Services Team has begun to develop a list of potential anchor organisations and wealth generators in and around the town. Contact with each of these organisations would be one of the first things carried out in order to determine which organisations are willing to engage and what they would expect from the Council as a linking organisation. Longer term the aim would be to attract resources to maintain the initiative and any activities that it may generate.

The initial work would produce a position of how the Council could become more active in supporting local skills development, act as a signposting organisation for local economic initiatives and develop a clear strategy for supporting local business development.

### **1. Background**

At the Full Council meeting on 23<sup>rd</sup> June 2021 an item which had been deferred from a previous meeting, was discussed. It is the custom and practice of Maghull Town Council that, if a Member is not present for all of the debate, whether that debate takes place across two or more meetings, then that Member cannot take part in any further debate or vote on the matter.

Members stated that they were unhappy that this practice stopped them taking part in a debate and requested that the practice be reviewed. The last Finance & General Purposes Committee reviewed the matter and following a full debate recommended that the Constitution not be changed. The reasons for rejecting the change were that Councillors needed to be present for all of the debate and to hear the discussion both for and against the motion. The changes raised the possibility that a Councillor could attend the meeting at the end of the debate and vote without fully appreciating the full nuance of the discussion. It was also difficult to put a time limit on how long a Councillor needed to be present before they could take part in the debate and vote. Due to this issues F&GP Committee recommended that the Constitution remain unchanged and the custom and practice of being present for all the debate continue.

However, reviews and changes to the Constitution need to be taken to Full Council who can choose to accept the amendments if it so wishes.

The proposed change is on P20 of the Constitution and comprises the following addition:

- a) A Councillor may not be present for part of the debate but must be sat in their chair when the vote is on any matter is taken.
- b) A Councillor must be present for some of the debate before they can vote on the matter.

It is important that a Councillor be seated when the vote is taken as this allows a clear sightline of the voting and can avoid mistakes and misunderstandings of a Member's voting intention.

A Member should be present for at least some of the debate before they can vote on the matter. Otherwise, this could leave the Council open to claims that their decision-making process is not sufficiently robust as the Members are making decisions without hearing any of the debate.

- 2. That the report be noted.**
